

# RiiSE 2018

Radiological Imaging and Intervention Symposium Edinburgh 2018

**Date:** 14<sup>th</sup> April 2018

**Location:** Old Medical School, University of Edinburgh, Teviot Place, Edinburgh.

We are delighted to announce RiiSE18 - a symposium focusing on **radiology and interventional radiology** (or radiology-guided minimally-invasive intervention) in Edinburgh on the 14<sup>th</sup> of April next. RiiSE18 will be the first UK-wide student-led event for **medical students and foundation doctors** interested – or considering a future career – in clinical radiology or interventional radiology.

RiiSE18 is open to medical students and foundation doctors from across the UK. The day will consist of talks of interest from **internationally renowned speakers**, a dedicated radiology **careers section** and afternoon **workshops** focusing both on image interpretation and interventional radiology simulation.

**Places will be limited** in order to ensure that workshops allow attendees to interact with image-interpretation sessions and get hands-on experience with interventional radiology simulations. More details – including our programme – can be found on our Facebook page (simply search '@RiiSE2018'). Any questions can be directed to Edinburgh University Radiology Society's email ([EURadSoc@gmail.com](mailto:EURadSoc@gmail.com)).

We hope to see you on the 14<sup>th</sup> of April, in the meantime secure your space at RiiSE18 by filling out the **registration form**, transferring your **registration fee** (as directed on the registration form) and **spread the word** on Twitter (**#RiiSE18**).

## Registration fees:

	<b>Early Bird (up to 14/3/18)</b>	Full Price
