

Radiological Imaging & Intervention
Symposium Edinburgh

@RiiSE19

@RiiSEdinburgh

<https://riise89970440.wordpress.com/>

RiiSE19 – the UK’s foremost event for **medical students** and **foundation doctors** interested – or considering future careers – in **radiology** and **interventional radiology**.

When: 13th April 2019.

Where: Edinburgh BioQuarter (Royal Infirmary of Edinburgh site), Edinburgh.

RiiSE is a student-run project aiming to raise the profile of radiology and interventional radiology careers. RiiSE19 will include talks on ‘hot topics’ in radiology, a dedicated careers session and afternoon workshops – all delivered and facilitated by radiology consultants and trainees from across the UK.

Radiology and minimally-invasive radiology-guided intervention are areas of massive growth in modern healthcare, RiiSE provides an outlet for interested individuals to explore these specialities. Following on from the successful inaugural event in Edinburgh last year, RiiSE19 is set to be even bigger and better.

Abstract Submission: Send abstracts (250 words max) to RiiSEConference@gmail.com now – abstract submission deadline is the 13th of March. There will be 2 opportunities for delegates to present their work this year:

- #OnTheRiiSE Oral Presentations
- RiiSE19 Poster Presentation Competition

Registration:

	Early Bird (up to 28 th Feb)	Full Price
Medical Student	£10	£15
Junior Doctor (incl. FY)	£35	£40
AHP/Postgraduate Student	£15	£20

Registration forms available at:
