

# The BIR Nic McNally Radiobiology Travel Bursary

£750 travel bursary for early career radiobiologists

Are you a radiobiologist (scientifically or medically qualified) who has had a poster or talk accepted at a conference?

Apply for this bursary for conference fees and travel

---

Applications will be judged by the Awards and Prizes Committee, with advice from the BIR Oncology and Radiotherapy SIG, if required.

The poster/talk must relate to original research in radiobiology or related subjects. The prize winner will be the individual judged to have submitted the best poster/talk abstract.

## How to apply

Complete the application form at [www.bir.org.uk/nicmcnally](http://www.bir.org.uk/nicmcnally)

Both BIR members and non-members are eligible to apply.

Closing date 31 May 2024.

The Nic McNally prize for Cancer Research was established in memory of Dr Nic McNally, previous BJR Honorary Editor and past President Elect of the BIR. The award is supported by The Gray Laboratory Cancer Research Trust.
