MEMBERSHIP BENEFITS

BIR Online Learning Library

On demand education, including CPD. 300+ resources in the members-only library

Special rates on education

Member discounts on events and video courses. Free members' webinars

Access to *BJR*

Full online access to current and archive issues

Primal Pictures software

Access to 3D Anatomy and Cross-sectional imaging

BIR Sharing Platform

Unlimited downloads from a growing platform of resources, templates, posters, presentations and more

Connect with your wider global community

Joining a Special Interest Group (SIG)

MEMBERSHIP BENEFITS

EVENTS HYBRID

Member-rates on all events

Enjoy reduced rates on conferences, workshops and online events

Free monthly members' webinars

One expert-led webinar every month free to members

MEMBERSHIP BENEFITS

EDUCATION ONLINE LEARNING

Online Learning Library

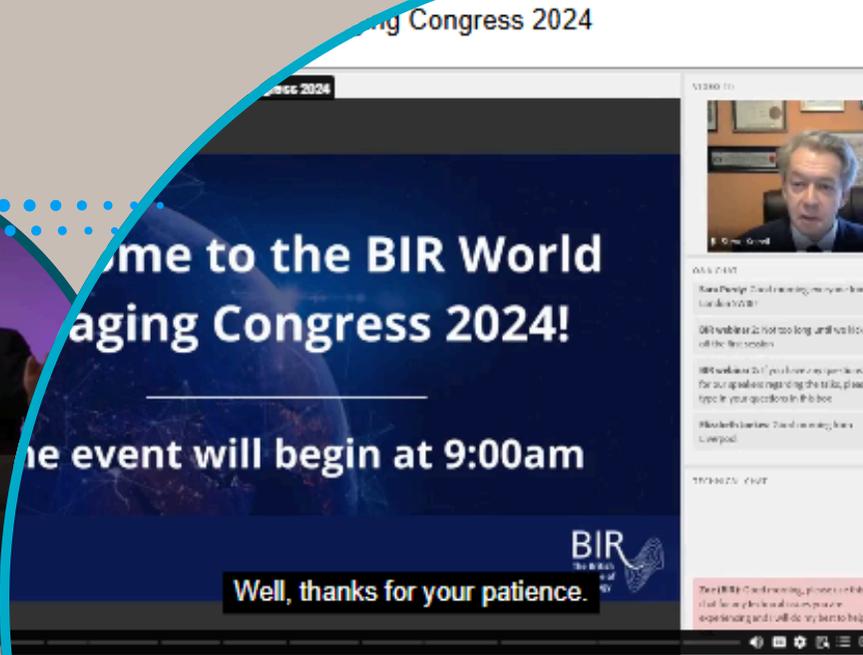

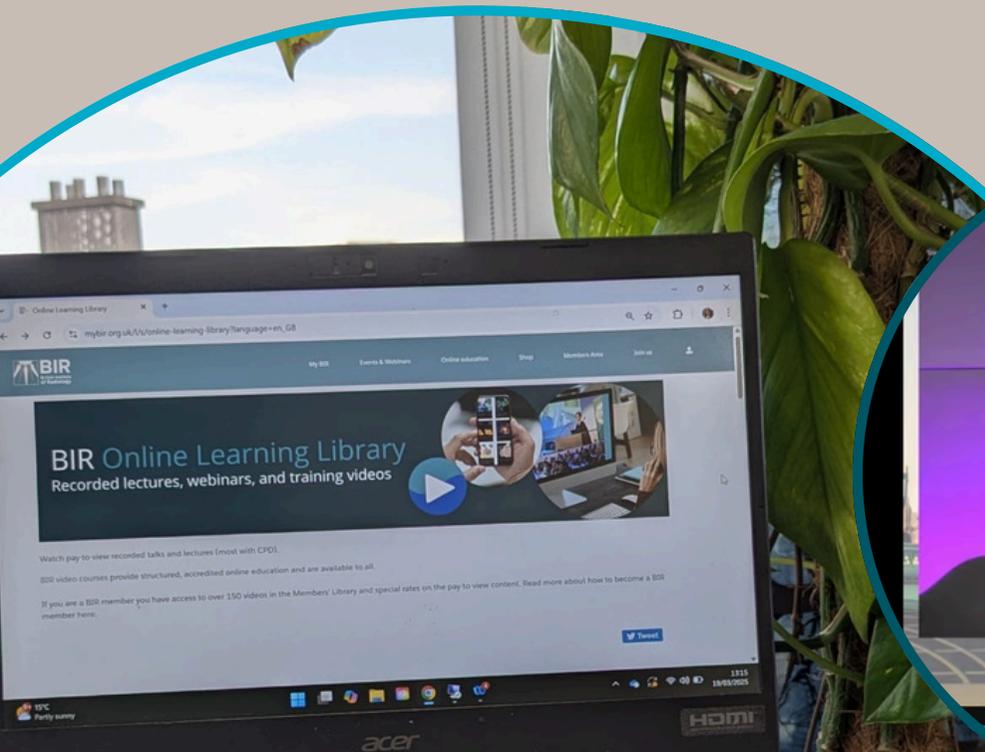

Full access to 300+ lectures in the members' library – includes CPD, no extra payments required! New recordings added each month

Discounts on pay-to-view recorded conferences

Discounts on video courses

Get exclusive savings on premium learning content – included with your membership!

Group purchase available

MEMBERSHIP BENEFITS

PUBLISHING JOURNALS

Full access to *BJR*

Submit your work with member discount on Article Processing Charge (APC)

BJR is the flagship international research journal of the British Institute of Radiology and is the oldest scientific journal in the field of radiology and related sciences

BJR | Case reports is the fully open access case report journal of the BIR and covers imaging, radiation oncology and the underlying sciences

BJR | Open is the multidisciplinary, gold open access, online-only, international research journal published by the British Institute of Radiology (BIR)

BJR | Artificial Intelligence is an international, fully open access, online journal focusing on artificial intelligence in imaging and radiotherapy

Join a Special Interest Group

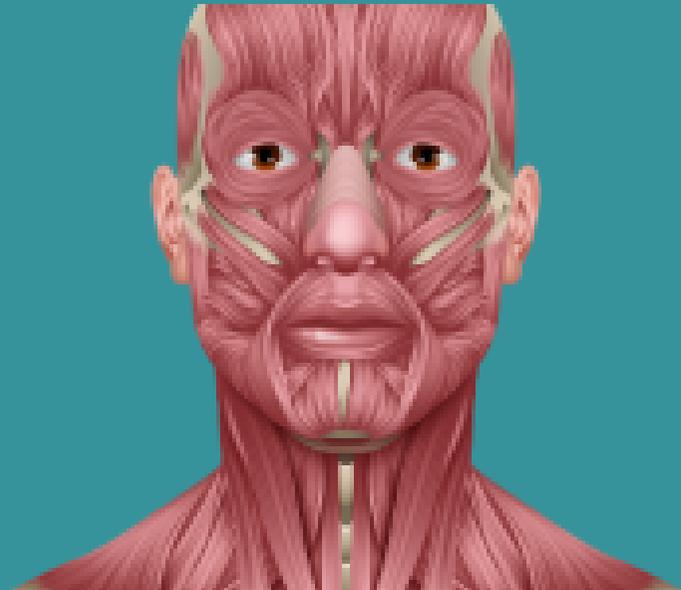

- Clinical Imaging
- Radiation Safety
- Leadership & Management
- Nuclear Medicine & Molecular Imaging
- AI and Innovations
- Oncology & Radiotherapy
- BIR Young Professionals & Trainees
- Magnetic Resonance

Get involved

Make a difference

435+ 3D Views comprised of thousands of structures, all reconstructed from real human data that can be layered, zoomed and rotated. All structures come with in-depth, highly accurate anatomical text written by specialists

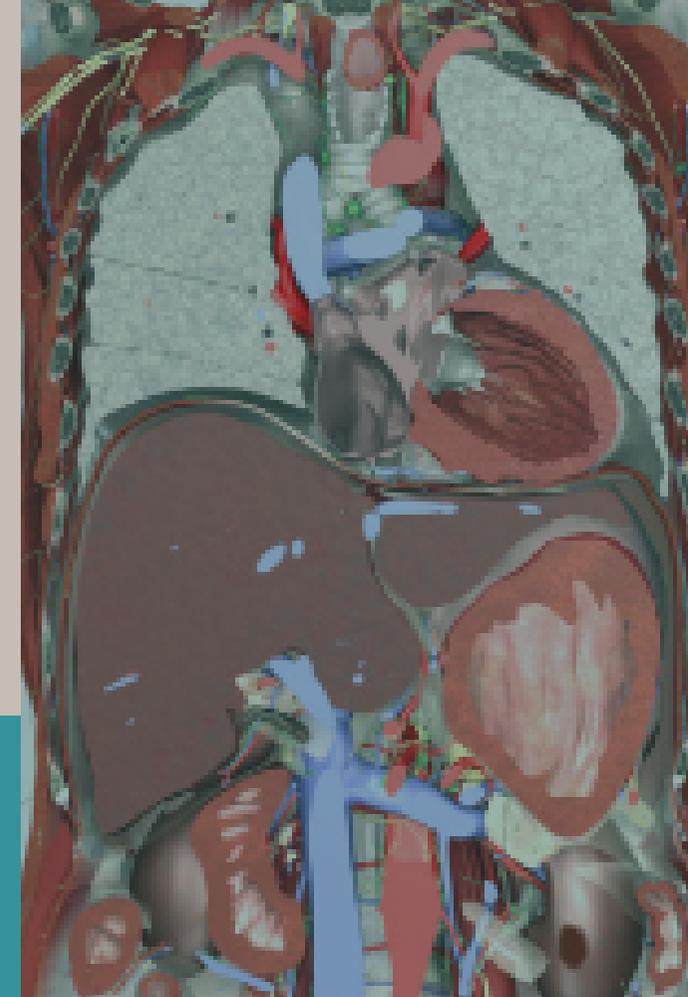

MEMBERSHIP BENEFITS

Primal Pictures: Free access to 3D Atlas Anatomy and Chiropractic as well as cross-sectional imaging

700 interactive MRI Images aligned with correlating 3D cross-sectional models in 3 body planes

900 Library assets consisting of interactive anatomy, dissection and clinical slides

200 movies and animations including biomechanics animations showing the anatomical basis of functional movements

To start, self-training is available in the Online Learning Library.

MEMBERSHIP BENEFITS

BIR Sharing Platform: Free access to practical resources

- Business cases
- Case studies
- Cost improvement
- Guidance
- Job planning templates
- Patient / public information
- Policy document
- Position statements
- Practice pathways
- Regulation/rules
- Reports
- Scientific posters
- Slides/presentations
- Specification
- Strategic plans

Feedback from members

“Thanks for everything you do, excellent organisation which enjoy being part of....”

“I appreciate your effort for building a stronger society in Diagnostic Imaging around the world.”

“The BIR is an amazing organisation”
